

R.I.P.
Grateful for
Years of Service
Mini-M
&
Inmarsat B
d. December 31, 2016

OBITUARIES...

December 31, 2016 –

We regret the passing of *Mini-M and Inmarsat B* – reliable satellite systems which served the maritime community well since the 1990s.

Survived By:

FleetOne, FleetPhone, FleetBroadband, and VSAT Systems

This Next Generation Provides Service & Terminals with a Wide Range of Affordable Options to Meet Your Needs:

- Primary, Back-up, or System Support Communications
- Voice Only, Email, Limited Internet, or High-Speed Data
- A Few or Numerous Concurrent Users
- Year-Round or Seasonal, Global or Coastal Use
- Unrestricted or Managed Crew / Rebillable Access

**So you're not without Communications, contact *Mackay Satellite Services* about improved replacements for Mini-M and Inmarsat B
919-850-3100 or satserv@mackaycomm.com**

For 125+ years Mackay has provided global services and turn-key solutions, offering a complete line of Communications, Navigation, Below-Decks, and Safety & Security electronic equipment and satellite airtime. Combining vendor partnerships, trained technicians, and extensive inventory, Mackay services any class & size vessel from 34 global locations and 90+ agents; serving maritime, offshore and government marine customers.
