GMDSS Shore Based Maintenance (SBM) Certificate Procedures

Dear Customer,

Mackay Communications, Inc. currently provides a Shore Based Maintenance (SBM) contract as specified by Regulation IV/15.7 of the 1974 SOLAS Convention and amended by the 1988 GMDSS Conference.

The SBMC Certificate issuance cost is **USD \$150** which will be valid for FIVE years. A soft copy of the SBM Certificate will be issued upon verification; after completing & submitting Page 2 of this form, along with the companion Mackay GMDSS Equipment List form.

The verified original certificate & SBM Agreement, and a copy of the GMDSS Equipment List, can be sent to the delivery address provided on Page 2, with applicable postage charges per the option selected.

This certificate will become invalid if the vessel(s) changes name, flag, or owner/management company. Consequently, a new certificate must be requested in order for Mackay to issue it in a timely manner. Please be advised that it could take three to four business days for us to issue the certificate.

To apply for a new or renewal SBM Certificate, please complete Page 2; save the PDF file so it includes your vessel name and email it to service@mackaycomm.com. Contact us if you need Mackay to provide you with a "Multiple Vessel SBM Request Form".

Thank you for your business!

Best Regards,

Kevin Kuitens
Mackay World Service
