

The Starlink Mini Wall Mount is designed for installation on an exterior wall near the top of the gable or fascia. This wall mount can accommodate a 4" overhang maximum and offers a secure, long-reaching platform to optimize the placement of your Starlink for the best connectivity and performance.

Crafted from durable, weather-resistant materials, the mount ensures a sturdy and enduring foundation for your Starlink, capable of withstanding various environmental conditions. Its elongated design allows for greater flexibility in positioning, enabling easy alignment and adjustment to maximize signal reception.

Easy to install and adjust, the wall mount comes with all necessary hardware and instructions, simplifying the setup process for a hassle-free experience.

Compatibility:

Starlink Mini, 4" Overhang Maximum

Kit Contents:

Wall Mount, Silicone,
2x Lag Screws, 20x Cable Routing Clips

Recommended Tools:

Drill, 6 mm (1/4 in) Drill Bit,
9/16 in Hex Socket, Marker, Level

Package Dimensions:

270 x 360 x 95 mm (10.6 x 14.2 x 3.7 in)

Package Weight:

1.5 kg (3.3 lbs)

The Starlink Mini Pivot Mount is perfect for installation on slanted, shingled roofs. Designed for ease of use and flexibility, the Pivot Mount swiveling mechanism enables effortless fine-tuning, adapting to various angles and directions, thus maximizing the performance of your Starlink.

Crafted from durable, weather-resistant materials, the mount ensures a sturdy and enduring foundation for your Starlink, capable of withstanding various environmental conditions. Its elongated design allows for greater flexibility in positioning, enabling easy alignment and adjustment to maximize signal reception.

The Pivot Mount is engineered for easy installation and is accompanied by all necessary hardware and user-friendly instructions, ensuring a hassle-free setup process.

Compatibility:

Starlink Mini

Kit Contents:

Pivot Mount, 2x Sealant Tape Squares,
2x Sealant Tape Strips, 2x Lag Screws,
20x Cable Routing Clips

Recommended Tools:

Drill, 6 mm (1/4 in) Drill Bit,
9/16 in Hex Socket, Marker, Level

Package Dimensions:

270 x 360 x 95 mm (10.6 x 14.2 x 3.7 in)

Package Weight:

1.8 kg (4.0 lbs)

The Mini Mobility Mount is designed to create a waterproof seal and protect against water ingress when permanently mounting to wood, fiberglass, metal, and plastic. The Mobility Mount features stainless steel fasteners, which are corrosion resistant to support harsh environments. This durable and versatile mount also supports a 9 degree mounting angle to maintain a signal during extreme and wet weather conditions.

Compatibility:

Starlink Mini

Kit Contents:

Mobility Mount, 2x 50 mm Bolts, 2x 30 mm Bolts 2x, 20 mm Bolts, 2x Nyloc Nuts, 2x Stainless Steel Washers, 2x Sealing Washers

Package Dimensions:

185.5 x 249.9 x 86 mm (7.3 x 9.8 x 3.4 in)

Package Weight:

0.6 kg (1.32 lbs)

The Mini Roof Rack Mount is designed to attach to varying vehicle roof racks, ranging in thickness from 12 mm (0.47 in) to 48 mm (1.9 in), with a maximum width of 88 mm (3.5 in). Use your Mini on-the-go, and easily remove your Mini from the Roof Rack Mount when not in use.

NOT INTENDED TO BE MOUNTED TO ROUND PROFILE BARS.

Compatibility:

Starlink Mini

Kit Contents:

Roof Rack Mount

Package Dimensions:

185.5 x 249.9 x 86 mm (7.3 x 9.8 x 3.4 in)

Package Weight:

0.6 kg (1.32 lbs)

The Mini Pipe Adapter and Flat Mount is designed for installation on a pipe or on a flat surface. The Mini Pipe Adapter and Flat Mount can replace the pipe adapter from the Mini Kit in case of damage or if you need an extra pipe mount outside of your permanent installation.

Compatibility:

Starlink Mini

Kit Contents:

Mini Pipe Adapter and Flat Mount

*Flat mounting fasteners not included.

Package Dimensions:

231.5 x 148.5 x 77.5 mm (9.11 x 5.85 x 3.05 in)

Package Weight:

0.35kg (0.77 lbs)

The Starlink Router Mini is an affordable, compact, WiFi 6, dual-band radio router designed for Starlink. With excellent range and performance, its small size makes it ideal for using as a mesh node to fill in any dead spots in your home, increasing the WiFi speed and range, ensuring you have a seamless WiFi experience everywhere.

Mesh Compatibility: Compatible with Starlink Gen 2 router, Starlink Gen 3 router, Starlink Router Mini and Starlink Mini Kit. Not compatible to mesh with Starlink Gen 1 routers or 3rd party mesh systems. For best performance, use a wired connection for your router. If connecting to your Mini, use 15m Mini Starlink Ethernet Cable. If connecting to another Starlink router, use a RJ45 Cat5e or greater.

Compatibility:

Gen 2 Router, Gen 3 Router, Starlink Mini, Router Mini

Ethernet Ports:

One (1) Latching Ethernet LAN port
One (1) Latching Ethernet WAN port

Kit Contents:

Router, Stand, Power Supply, 2x Screws, 2x Wall Anchors

Recommended Tools:

Drill, 5.5 mm (7/32 in) Drill Bit, phillips screwdriver

Package Dimensions:

206.5 x 166.5 x 56.5 mm (8.13 x 6.56 x 2.22in)

Package Weight:

0.44 kg (0.97 lbs)

The Starlink Mini Car Adapter is designed to power your Starlink Mini on-the-go via USB-C, replacing the Mini 15m Power Cable and Mini Power Supply from the Starlink Mini Kit. The Mini Car Adapter can be used with any standard automotive 12-24V auxiliary power outlet, commonly referred to as the car cigarette lighter.

Compatibility:

Starlink Mini

Kit Contents:

Mini Car Adapter, Mini USB-C Cable

Package Dimensions:

208.5 x 153.75 x 67.5 mm (8.21 x 6.1 x 2.67in)

Package Weight:

0.43kg (0.95 lbs)

The Mini Travel Kit is designed to protect your Starlink Mini when on-the-go. The Mini Travel Kit includes a custom-fitted Bumper Case providing drop protection for your Mini, a Sleeve that doubles as a carrying case and shields against dirt, scrapes and bumps, and an Accessory Pouch that fits all the components needed to power your Mini.

Compatibility:

Starlink Mini

Kit Contents:

Bumper Case, Sleeve, Accessory Pouch

Package Dimensions:

298 x 318.5 x 46 mm (11.7 x 12.5 x 1.8 in)

Package Weight:

0.75 kg (1.65 lbs)

The Gen 3 Router gives you the best, top-of-the-line WiFi experience. With the latest WiFi 6 technology and three separate bands for data transmission, this router delivers exceptionally fast speeds and can handle many devices connected at the same time. This means you can stream, game, and browse without interruptions, throughout your home.

Mesh Compatibility: Compatible with Starlink Gen 2 router, Starlink Gen 3 router, Starlink Router Mini and Starlink Mini Kit. Not compatible with Starlink Gen 1 routers or 3rd party mesh systems.

Compatibility:

Gen 2 Router, Gen 3 Router, Starlink Mini, Router Mini

Kit Contents:

Gen 3 Router, 60W Power Supply Unit and Cable, Ethernet Cable , Port Plug (2x)

Ethernet Ports:

Two (2) Latching Ethernet LAN ports with removable cover
One (1) Ethernet WAN port with plug

Package Dimensions:

361 x 154 x 101 mm (14.25 x 6 x 4 in)

Package Weight:

2.7 kg (6 lbs)

The Router Mount is designed to mount the Gen 3 Router directly to a wall or other surface.

It is ideal for home or office use when no desk space is available, or for mobility applications where space efficiency is paramount.

Once the Router Mount is installed, the Gen 3 Router is easily snapped into place and cable retention ensures the cables are not accidentally pulled out.

Compatibility:

Gen 3 Router

Kit Contents:

Router Mount, 2x Screws,
2x Drywall Anchors

Recommended Tools:

Drill, Marker, #2 Phillips Screwdriver, 4 mm
(5/32 in) Drill bit (no anchors) or 7 mm
(9/32 in) Drill bit (wall anchors)

Package Dimensions:

250 x 165 x 85 mm (9.8 x 6.5 x 3.3 in)

Package Weight:

0.34 kg (0.75 lbs)

MINI DC POWER CABLE | 15 m (49.2 ft)

Designed to replace the Mini 15m DC Power Cable from the Starlink Mini Kit in case of damage to your cable or if an extra cable outside of your installation is needed.

Compatibility:

Starlink Mini

Cable Length:

15 m (49.2 ft)

Package Dimensions:

156 x 285 x 32 mm (6.1 x 11.2 x 1.3 in)

Package Weight:

0.5 kg (1.1 lbs)

MINI DC POWER CABLE | 30 m (98.4 ft)

Designed to replace the Mini 15m Power Cable from the Starlink Mini Kit when additional length is needed.

Compatibility:

Starlink Mini

Cable Length:

30 m (98.4 ft)

Package Dimensions:

200 x 182 x 81 mm (7.9 x 7.2 x 3.2 in)

Package Weight:

1.3 kg (2.9 lbs)

MINI STARLINK CABLE | 15 m (49.2 ft)

The 15 m (49.2 ft) Mini Starlink Ethernet Cable is designed to be used in the RJ45 connectors between the Starlink Mini and Starlink Gen 3 router or third party routers and devices to provide a waterproof seal and protect against water ingress.

Compatibility:

Starlink Mini, Gen 3 Router

Cable Length:

15 m (49.2 ft)

Package Dimensions:

135 x 50 x 360 mm (5.3 x 2 x 14.2 in)

Package Weight:

1 kg (2.2 lbs)

Mini USB-C Cable | 5 m (16.4 ft)

The Mini USB-C cable is designed to power your Starlink Mini on-the-go via USB-C, replacing the Mini 15m Power Cable from the Starlink Mini Kit. Requires a 100W (20V/5A) power source.

Note: This USB-C cable is specifically designed for powering your Starlink Mini and is not suitable for charging devices like cellphones.

Compatibility:

Starlink Mini

Cable Length:

5 m (16.4 ft)

Package Dimensions:

135 X 90 X 46 mm (5.3 x 3.5 x 1.8 in)

Package Weight:

0.3 kg (0.66 lbs)
